

ChovASTAR RAPID BRIC

CHOVASTAR®

Adhesive waterproofing tape for easy application

Description

ChovASTAR® RAPID BRIC is a waterproofing asphaltic adhesive tape application without fire.

It is recommended for both aluminium covers repairs, reinforcements roof waterproofing, sealing joints and overlaps, and for building elements, protection, brick, metal, concrete, etc.. Indoor and outdoor use.

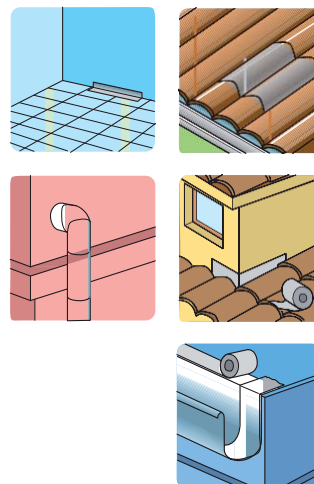

12 m

Installation

The surface should be clean, dry and free of oil, grease, dust and loose materials, to allow proper adhesion.

In case of porous surfaces that can create adhesion problems, is recommended to apply a ChovASTAR Waterproofing Surfaces Preparer layer

The product is applied quickly and easily without special tools, just peeling the siliconed plastic that covers the underside, and adhering the membrane surface by pressure.
