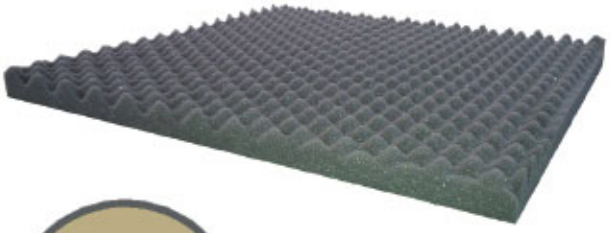
ChovACUSTIC® DECO MARINA

CÓD. 81551 - DECO MARINA
CÓD. 81560 - DECO MARINA AUTOADHESIVO

Egg crate shape and self-extinguishing sound-absorbing foam board designed to control echoes and reverberation in rehearsal spaces (guitar, battery....).



Also in self-adhesive format.

TECHNICAL CHARACTERISTICS

DENSITY (Kg/m³)	25
THICKNESS (mm)	30
REACTION TO FIRE	Self-extinguishing
ACOUSTIC ABSORPTION	0,54
SIZE (mm)	500 x 500
UNITS PACKAGE	10
m²/PACKAGE	2,5
m²/PALLET	100

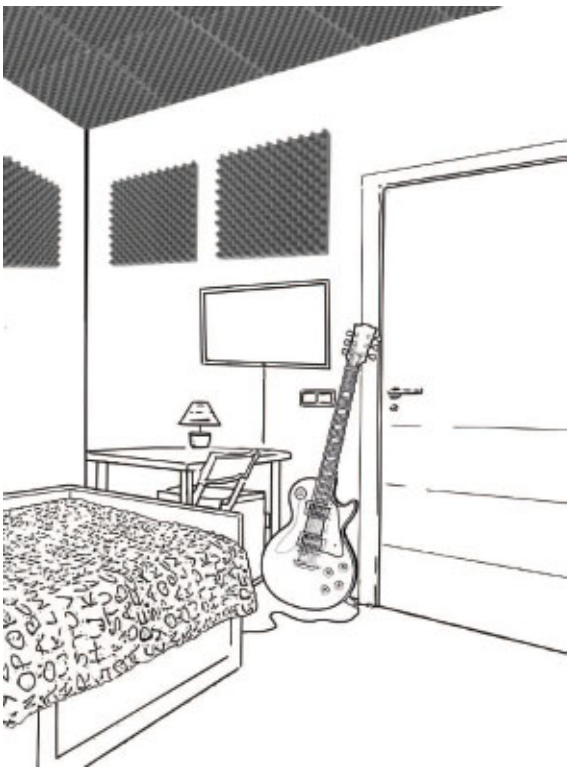
STORAGE: The material must be protected from the elements, from sunlight and stored horizontally.

INSTALLATION

1- The surface must be clean, dry and free of irregularities.

2- Apply **ChovASTAR COLA AISLAMIENTO** glue on to the Support and on to the board. Let dry and adhere the material.

* Self-adhesive: Remove non-stick plastic and ahdere material.



RECOMMENDED FOR ...

- Acoustic conditioning in rehearsal rooms, to reduce echo and reverberation, improving acoustic comfort in a wide range of frequencies.
- Application on walls and ceilings.
